

## KG Music during Quarantine:

Please make time for music 2-3 days this week! It can be used as a break between other subjects, a way to start the day, or a way to end with something fun.

MUSIC IN OUR SCHOOLS MONTH 

Music Activities will all be provided on the music website:

You can scan the QR code, or type the website in to any device. If music activities are not up for the exact day, feel free to have your child choose 2-3 songs from previous weeks to review for you.
